

HPD

LIFTING MAGNET BUILT IN PUSH BUTTONS

Electro-permanent lifter with on board controls

Features

- ① Electro-permanent technology means loss of power does not drop the load
- ② On board push button make it extremely easy for the operator
- ③ Quick disconnect make it very versatile
- ④ Indicator lights show lifter status
- ⑤ Two button operation required for safety

Applications

Handling of plates, blocks, bars, finished parts

Specifications

mm(inch)

Model	Size	Length(L)	Width(W)	Height(H)	Net Weight	Flat load Max	Min thickness	Flat size Max
HPD	1000	290 (11.42)	230 (9.06)	82 (3.23)	40 kg / 90 lb	1000 kg/2200 lb	8 (0.3)	2000x1000 (78x39)
HPD	2000	410 (16.14)	230 (9.06)	82 (3.23)	58 kg / 127 lb	2000 kg/4400 lb	8 (0.3)	3000x1500 (118x59)
